

Vermont titles vehicles (including Motorboats, ATVs, and snowmobiles) that are 15 years old or newer based on the calendar year.

From January 1, 2024, through December 31, 2024, Vermont will title vehicles with the model year 2010 or newer.

All vehicles not titled in Vermont that meet the criteria below will be submitted to the [National Motor Vehicle Title Information System \(NMVTIS\)](#) using the registration number instead of a title number. All Vermont title numbers contain 13 characters.

The title will be mailed directly to you if you own the vehicle free and clear (no loan). If you have a loan on the vehicle, the title will be mailed to the entity holding the loan (not the owner) within three weeks of the processing of your registration.

If the vehicle has more than one owner, you need to indicate Rights of Survivorship (see [types of ownership](#) for more information).
